Camping is perhaps the
quintessential American
activity. We camp to escape,
to retreat, to "find"

Hailey explores campsites as places that necessitate a unique combination of contrasting qualities, such as locality and foreignness, mobility and fixity, temporality and permanence, and public domesticity.

Read Free Airstream Bambi Owners Manual

Camping methods reflect the rigid flexibility of the process: leaving home, arriving at a site, clearing an area, making and then finally breaking camp. The phases of this sequence are both separate and

indistinct. To understand this paradox, Hailey emphasizes the role of process. He constructs a philosophical framework to elucidate the "placefulness" -- or sense of place -- of such temporary constructions

looks at three basic qualities of the camp: as a site for place-making, as a populist precursor for modern built environments, and as a "method." Hailey's creative and philosophical approach to camps and
