Practice for the Regents exam right now, instantly, conveniently, efficiently and effectively with Chemistry Regents Exam on PowerPoint. The entire January 2017 Biology Regents - Living Environment Exam transformed into a spectacular PowerPoint slide, with answers right after each question, and Reference Tables when needed. With this resource, teachers and students will have a powerful resource that will make Regents practice ? convenient ? effective ? efficient ? engaging ? exciting ? time-saver, and ? lead to higher Regents grades NOTE: This Google Play Book version is not interactive because it is not on PowerPoint. The interactive PowerPoint version can be downloaded from: <https://www.teacherspayteachers.com/Store/E3-Scholastic/Search?Regents+powerpoint+spectacular> This Google Play version of the Regents exam is great for practicing anytime and anywhere without the need for your book and reference table. It's all on the slides. This has never been done before, and there's no resource like it out there. Be the first in your school to use this for your Regents prep. I created this product originally on PowerPoint because I was frustrated with using pdf download of the exams to review with my students. Here are some key features that make this resource on PowerPoint a much better alternative to just using pdf. 1. Each Regents Question on an Individual Slide. 2. All Information, Table, Diagram, and/or Graph of a Question Are on the Same Screen. 3. Correct Multiple-Choice Answer or Acceptable Constructed Response Answers to a Question is Revealed with Just a Click or Touch. 4. Spectacular Background Images and Flashy Borders. 5. Beautiful Cinematic Wide Screen View on Media Projectors and Mobile Devices. I will have Regents on PowerPoint available for the following exams: Biology: August 2017, June 2017, January 2017, August 2016 and June 2016 Chemistry: August 2017, June 2017, January 2017, August 2016 and June 2016 Please leave me your rating and comment. Thanks.

This brand new textbook provides a concise and informative overview of environmental policy and politics in the European Union. It includes a thorough analysis of the traditional areas of environmental concern such as pollution and natural resources, as well as newer environmental issues, including GMOs and climate change. Throughout this clear and readable introduction, the authors emphasize the interdependence between EU environmental policy and changes at the global level, focusing in particular on the EU's role in global environmental governance. The authors' didactic approach means this text will be invaluable to undergraduate and postgraduate students of environmental politics, policies and governance in the EU as well as MA programmes with a global focus, including international relations and EU studies.

This book offers you a brief, but very involved look into the operations in the drilling of an oil & gas wells that will help you to be prepared for job interview at oil & gas companies. From start to finish, you'll see a general prognosis of the drilling process. If you are new to the oil & gas industry, you'll enjoy having a leg up with the knowledge of these processes. If you are a seasoned oil & gas person, you'll enjoy reading what you may or may not know in these pages. This course provides a non-technical overview of the phases, operations and terminology used on offshore drilling platforms. It is intended also for non-drilling personnel who work in the offshore drilling, exploration and production industry. This includes marine and logistics personnel, accounting, administrative and support staff, environmental professionals, etc. No prior experience or knowledge of drilling operations is required. This course will provide participants a better understanding of the issues faced in all aspects of drilling operations, with a particular focus on the unique aspects of offshore operations.

The Asia-Pacific Development Journal (APDJ) is published twice a year by the Macroeconomic Policy and Development Division of the United Nations Economic and Social Commission for Asia and the Pacific. The primary objective of the APDJ is to provide a platform for the exchange of knowledge, experience, ideas, information and data on all aspects of economic and social development issues and concerns facing the region and aims to stimulate policy debate and assist policy formulation. The Asian development experience has stood out as an extraordinary example of what can be achieved when policy makers, experts, scholars and people at large harness their creativity, knowledge and foresight. The APDJ has been a proud partner in this process, providing a scholarly means for bringing together research work by eminent social scientists and development practitioners from the region and beyond for use by a variety of stakeholders. Over the years, the Journal has emerged as a key United Nations publication in telling the Asian development story in a concise, coherent and impartial manner to stimulate policy debate and assist policy formulation in the region.

Before the turn of the century, few states used immigration detention. Today, nearly every state around the world has adopted immigration detention policy in some form. States practice detention as a means to address both the accelerating numbers of people crossing their borders, and the populations residing in their states without authorization. This edited volume examines the contemporary diffusion of immigration detention policy throughout the world and the impact of this expansion on the prospects of protection for people seeking asylum. It includes contributions by immigration detention experts working in Australasia, the Americas, Europe, Africa and the Middle East. It is the first to set out a systematic comparison of immigration detention policy across these regions and to examine how immigration detention has become a ubiquitous part of border and immigration control strategies globally. In so doing, the volume presents a global perspective on the diversity of immigration detention policies and practices, how these circumstances developed, and the human impact of states exchanging individuals' rights to liberty for the collective assurance of border and immigration control. This text will be of key interest to scholars, students and practitioners of immigration, migration, public administration, comparative policy studies, comparative politics and international political economy.
